

## WHO

- CNAs wishing to grow in their career
- Communities looking for creative staffing solutions

## WHAT

- State Approved Program certifying CNAs to participate in medication administration
- This training emphasizes safety, accountability, and resident-centered care—equipping CNAs with the tools they need to enhance daily support while working closely with licensed nurses.

## WHEN

- Starting Spring 2026
- Sessions to be offered twice annually
- Each session will run approx. 15 days

## WHERE

- Someren Glen Campus (5000 E. Arapahoe Road, Centennial, CO 80112)

## WHY

- Our mission is to provide a safe, supportive, and professional learning environment where students gain the knowledge and skills necessary to safely and effectively administer medications in long-term care settings.
- We are committed to preparing high-quality, compassionate, and knowledgeable Medication Aides who are equipped to deliver safe, respectful, and person-centered care within our communities.

## HOW

- Fast-paced and focused training experience that will require full commitment. Attendance is mandatory for all classes, labs, and clinical sessions in order to ensure a comprehensive understanding of the material and safe application in practice.
- Includes 60 hours of classroom and labroom education and 40 hours of clinical rotation
